HOW WE DO BUSINESS

**PLEASE READ BEFORE
ORDERING**

GUARANTEE — We guarantee our stock to be true to name and to grow if proper care is given. If any stock purchased fails to start growing after being properly planted and cared for, we will replace free of charge. This free replacement policy does not include any transportation charges and must be borne by the customer. Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price. All replacements made during next planting season.

DELIVERY — No charge for local delivery in City of Spokane or Spokane Valley on orders for \$5.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SALES TAX — If you live and order from the State of Washington, please enclose 3½% state sales tax. No sales tax for people who order from other states.

SPECIAL OFFERS AND SUBSTITUTIONS — In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES — All of the stock listed in this catalog is for availability during the year of 1958 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. On orders for stock that are too large for mailing regulations, we send via express or Auto Freight at purchaser's expense. Due to the increased costs of labor and packing material, please add 10% to your order for packing charges.

Newer **EVERBLOOMING ROSES**

RED FAVORITES

AIDA. One of the finer new red roses introduced last year, Aida is named for the heroine in Verdi's famous opera. Rich spectrum-red blooms are much deeper in the bud. The 5-inch semi-cupped flowers are richly fragrant throughout all stages of the flower. The very symmetrical plant will reach a height of 3 feet and is covered with attractive, rugged foliage. P.A.F. \$2.50 each.

AUDIE MURPHY. Named in honor of Audie Murphy, America's most decorated hero of World War II. The long taper-buds of vivid rich crimson are exquisitely shaped, with long clasping sepals, which recurve gracefully as the flower opens (18-22 petals). The brilliant 4½"-5½" blooms have wonderful petal texture, and are a luminous currant to cherry-red, shading to orient-red near the center, with a velvety sheen. The bloom shave a spicy fragrance, and come on long cutting stems—excellent keeping qualities as a cut flower. We like to think of this rose as the red Eclipse. Pat. applied for. \$2.75 ea.

CHARLES MALLERIN. Dark crimson velvet. One of our finest dark red roses. Very velvety and has outstanding substance. One of our favorites. Pat. 933. \$2.50 each.

CHARLOTTE ARMSTRONG. The originators of this rose, calls it "Queen of Them All," and well it may be. Winner of the sole 1941 AARS award. Its long slender, cerise buds and magnificent open flowers make it very popular. Fine for cutting and a consistent show winner. Illustrated on page 35. Pat. 455. \$2.25 each.

CHRYSLER IMPERIAL. 1953 All-America Winner. Vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like lustre of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 petals. Flowers are sweetly scented with a true rose fragrance. An ideal red exhibition rose. Illustrated on page 35. Pat. 1167. \$2.50 each.

NEW!!!

LIVING. Vibrant, exciting colors. The opening bud is deep rich blazing orange-red, turning to exotic orange with the underside of the petals glowing copper, streaked with red. The magnificent, stately flowers come generously one to a long, straight stem and are mildly fragrant. Very vigorous and tall growing bush to 4 feet. This rose is a little more orangy than that shown in our colored illustration on page 2. Pat. 1463. \$2.50 each.

MIRANDY. Back again by popular demand after an absence of several years. Long, ovoid buds of rich maroon-red. Open blooms are very double with 40 to 50 petals. We have found the blooms to only open and be perfect in hot weather. Pat. 632. \$2.25 each.

NEW YORKER. Called by the originator as "The Best Red Rose of All Time." While we don't exactly agree with him, New Yorker is worth a place in any garden—even two or three of them if you like an enormous red rose that stays red until the last petals wither and fall. 3 ft. Pat. \$2.25 each.

PINK FAVORITES

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds—and who doesn't. Urn-shaped, long and slender dawn pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

HELEN TRAUBEL. Easily the outstanding new rose of 1952. We do not recall of one complaint to reach us on this rose. In all the people who we have talked to and the letters we have received, it has been highly praised. This new Armstrong rose is the best since Charlotte Armstrong. Illustrated inside back cover. Pat. No. 1028. \$2.50 each.

PINK FAVORITE. We told you in last year's catalog that this was the outstanding rose and we were borne out in that Pink Favorite was the top winner in both the Seattle and Portland rose shows. Dark pink at the base which grows lighter at the tips of the petals. This bush has the finest, most luxuriant foliage of any bush we know and the originator told us the other day that he has more new varieties coming with the same foliage. We wish him success because he is one of the nicest guys in the rose business and we are referring to Mike Dering of Scappoose, Oregon. The patent number on Pink Favorite is No. 1519 and the price is \$2.50 each.

PINK LUSTRE. A Holland rose that was introduced by Jackson & Perkins last year. A very large, tall-growing bush with flowers of exhibition quality. The high centered blooms are a cool pink with a darker pink at the tips of the petals. Foliage is a handsome polished dark green, very uniform and disease resistant. PPA. \$2.50 each.

SUMMERTIME. Exquisite clear, clear, rose-pink color. Flowers of high-centered form, with good fragrance. A very free blooming plant 20 to 24 inches tall. This writer was judge at a show last fall where this rose could have easily been a winner if it had been groomed properly. Pat. 1541. \$2.50 each.

TIFFANY. Somewhat like Picture only larger in flower. Very warm clear pink flowers that come on long stiff stems and perfect dark green foliage. The petals have a lot substance which makes it a good cutting rose and the perfect flower makes it a leading exhibition rose. A very delightful fragrance. All America selection of 1955. Pat. 1304. \$2.50 each.

PATENTED Hybrid TEAS

YELLOW FAVORITES

NEW!!!

NEW!!!

ARLENE FRANCIS. Yellow roses must be gaining in popularity since we find more new yellow roses this year than red roses. Arlene Francis is Jackson & Perkins contribution to the yellow class. This rose has done remarkably well in our own test garden at Manito Park for the first year and we have watched it in other gardens for several years to be sure that it will have its place when the good yellows are counted. Each fragrant bloom contains 20 to 25 petals and opens to a good 5 inches. We have noted that the foliage turns almost red near the end of the season. Also that the blooms are produced in mass throughout the blooming season. P.A.F. \$3.00 each.

BURNABY. Very high rated rose and creating much interest by all Northwest rose growers because of its exhibition qualities. Very good form but rather a sparse bloomer. Its blooming habit is made up by the perfect bloom that is always displayed. Considered to be a light yellow and listed so in this heading, we call it a creamy white. Should give McGredy's Yellow plenty of competition in the years to come. Pat. 1314. \$2.50 each.

FANTASIA. Back on our list after an absence of some 10 years, Fantasia is still very popular for cutting and general garden display. Too well known for any description on our part. Pat. 590. \$2.00 each.

GOLDEN MASTERPIECE. New yellow rose introduced by Jackson & Perkins last year. The enormous golden yellow flowers are truly a masterpiece. Sometimes a large bloom appears ugly to us because it does not have the stem to support its size, but this is not true with Golden Masterpiece. We have watched this rose for several years in the test gardens, and have yet to see a bloom that was not supported by a vigorous stem with glossy foliage. It has the fragrance and high centered flowers that should make it one of our leading exhibition roses. If you want a good yellow rose, we can suggest Golden Masterpiece. Pat. 1284. \$2.75 each.

NEW!!!

NEW!!!

GOLDEN WINGS. Tied with Peace for having the highest score (9.6) ever given a rose by the members of the American Rose Society, Golden Wings is classed as a hybrid tea but we think its growing habits make it more like a shrub rose or a tall growing floribunda like Betty Prior. The single yellow blooms with reddish stamens come in mass production and with severe pruning in the early spring, the bushes can be planted with other hybrid teas. We know that all flower arrangers will go for this rose and we suggest that you cut the unopened blooms the night before you wish to use them. Your color will be more intense and will not close in the evening. Being very hardy, Golden Wings can be used in the shrub border or to make a superb continuous blooming hedge. We think that this rose will take its place along with Betty Prior and Wildfire as being one of the all-time best bloomers. Pat. 1419. \$2.50 each; 3 for \$6.60.

ISOBEL HARKNESS. In the yellow class, this is Armstrong's answer to Arlene Francis listed above. With no shadings or variations to mar the clarity of its gleaming yellow color, the originator claims "Here's Where the Yellow Went." Very long tapering buds open to large graceful blooms with a color that is rich and unfading. A very vigorous grower with long stems and luxuriant foliage. This is another English rose to bear the name of Harkness which is rapidly becoming famous in the world of rosedom. We like it very much and has proven satisfactory in the test garden on Rose Hill. Illustrated on page 2. PAF. \$3.00 each.

Everyone's Favorites

PEACE. If you were to have one rose in your garden, we would say that this was it. A consistent prizewinner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms. — each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. Illustrated inside back cover. \$2.50 each.

SUTTER'S GOLD. This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. Illustrated on page 35. \$2.25 each.

TWO-TONE FAVORITES

NEW!!!

AZTEC. Here is a scarlet-orange so brilliant it fairly sizzles! . . . deeper, richer and more scarlet than any you have ever seen! This spectacular new color alone sells us on this rose and when you take into consideration that this new Armstrong creation has the fine buds and perfect bloom, we think that it is a must. The blooms are borne freely on a vigorous, well foliaged plant, that is not too upright but more spreading. This is our favorite new rose for 1958 and we suggest that you include at least one plant, if not three, when you send in or phone your order to us. To avoid disappointment, why not look at the illustrated cut on page 2 of this catalog to note its beauty and get your order in now. We expect to be sold out early. P.A.F. \$3.00 each.

NEW!!!

CONTENTMENT. One of the best two-tone pinks from last year, Contentment has fragrant flowers of 5 to 6 inches across. The color is a delicate pink suffused with yellow. Extremely hardy and a heavy bloom producer wherever we have seen it. P.A.F. \$2.50 each.

 **FRED EDMUNDS.** Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. Pat. 731. \$2.00 each.

 **FORTY-NINER.** One of the most richly brilliant of all bi-color roses and certainly one of the most attractive. It is a clear vivid red with pure straw yellow on the reverse of the petals. Grand, vigorous plants with a satisfying amount of bloom. Pat. 792. \$2.25 each.

NEW!!!

GAIL BORDEN. Jackson & Perkins' sensational new rose for 1958. High-centered buds open to 5-6 inch blooms that are exhibition quality. The color is pastel-pink with apricot tones. Tall growing plant with luxuriant dark foliage, and we make the prediction that this rose will be "Queen of the Show" a good many times during 1958. Supply limited. Pat. 1618. \$3.50 each.

NEW!!!

LADY ELGIN. Here is a real aristocrat in a rose. Lady Elgin keeps its intense gold color throughout the life of the bloom and is unfading through spring, summer and fall. It has huge, handsome buds and blooms, on long, strong, husky stems which make it ideal for cutting and has from 40 to 50 petals which make a rose of good substance with excellent form; also delicately and pleasingly fragrant. Pat. 1469. \$2.50 each.

LOVE SONG. If you have liked the Peace rose, then this is for you. Love Song is an exciting big rose of rich salmon pink with a yellow reverse—one of our finest bi-colors. Large blooms of 5-6 inches have 35 to 55 petals. The unopened buds are big and fat and develop into urn-shape. At this stage, the coloring is a delicious blend of smooth yellow and deep coppery salmon-pink. The colors become more intense as the bloom unfolds. As with its parent, Peace, the full blooms are a glory. The plant also closely resembles that of Peace: well balanced, upright, sturdy and strong, with dense, heavy, deep green, glossy foliage and straight, heavy stems, with never a weak neck among them. The blooms last well and are sweetly fragrant. Illustrated on inside front cover. Pat. 1360. \$2.50 ea.

PEACEFUL. A very large, 5 inch flower opening a deep coral-rose-pink on inside of petals, with light coral suffused with apricot on reverse. If disbudded and grown right, this rose could be a show winner with its long stems and upright bush. About 50 petals and some fragrance. Pat. 1599. \$2.50 each.

MOJAVE. All-American Winner for 1954. Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset—glowing orange shot with flame-like tones of scarlet and vermilion. Big, beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Medium height with good glossy foliage. Mojave is one variety that will shine in your garden. Illustrated on page 35. Pat. 1176. \$2.75 each.

SATURNIA. Back again after being out of our catalog for a year. Many people have asked for it and we will have it again this year. Scarlet and gold with good form in both flower and bush. This writer will long remember a rose show on the Coast several years back when he bet a good steak dinner on this particular variety and won. Pat. 349. \$1.75 each.

NEW!!!

STERLING SILVER. For the past 5 or 6 years we have had a new lavender rose every year. This year was no exception when we had two new ones to pick from. We are listing Sterling Silver over Lavender Girl. Lavender color in a rose is not to our liking but might appeal to you. Sterling Silver has a pronounced fragrance and very few thorns. Looks like the hybridizers will fool around with this color until they really have the "true-blue" rose. Pat. 1433. \$3.00 each.

WHITE FAVORITES

NEW!!!

WHITE KNIGHT. SUPERB!—In that one word is summed up the all inclusive quality of the greatest NEW white rose in the world today. This AARS winner for 1958 comes to us from the originator of Peace and could well be that perfect white rose that we have all been looking for. It's a magnificent, pure white, satiny beauty with blooms up to 5 inches across that do not "ball" or fade. Free blooming with gracefully out-curling flowers on long stems. Plant is free growing, bushy, upright, much branched, and has exceptional vigor. Lively green foliage that is disease resistant and grows to 3 feet and more. This, with beautiful form of bud and bloom and long stems, makes it the ideal cutting rose. The pure white stays until the petals drop. Here is the rose that may well fill the gap in the list of great roses of today . . . Perfection in White . . . WHITE KNIGHT! Pat. 1359. \$3.00 each.

NEW!!!

WHITE SWAN. There is nothing any prettier or purer than a white rose nestled in dark green foliage. Very perfect form. White Swan has the dark green foliage and pure white bloom. This rose can easily give McGredy's Ivory a run for the money in any rose show. Pat. 1115. \$2.25 each.

WHITE WINGS. Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess." A most unusual rose for flower arrangements. Pat. 850. \$2.00 ea.

Grandiflora Roses

**THE NEW KIND OF HYBRID
TEA ROSE THAT GROWS
LIKE A FLORIBUNDA!**

BUCCANEER. A new yellow introduced by Armstrong several years ago. Tall growing that should only be planted in the background. Buccaneer is a good continuous bloomer with excellent glossy foliage. Very moderate fragrance. Has been one of the outstanding yellows in our garden on Rose Hill. Pat. 1119. \$2.50 each.

CARROUSEL. The first rose to bear the distinction of the new Grandiflora Class. We have stated in this catalog for several years that this rose has not received the publicity that it deserves and just as we go to press, the American Rose Society has awarded Carrousel, together with Fashion, an award as one of the outstanding roses of the past five years. The color of Carrousel is called "Indian Lake" red. Very large blooms that drop cleanly to make room for the newly opened crimson buds. Pat. 1006. \$2.00 each.

MONTEZUMA. A new Grandiflora rose of last year. This rose is a remarkably brilliant orange-scarlet colored rose. Long tapering buds open to high-centered flowers of sheer rose perfection in form. Tall growing plant of free branching habit with plenty of large handsome foliage. We like the color appeal and its ability to grow easily. Pat. 1383. \$2.75 each.

QUEEN ELIZABETH. Both of its parents being AARS winners proves that blood is thicker than water. Color is a very soft orchid pink with high centered flowers. Comes both in clusters and one to a stem which goes to make ideal cutting. Long almost thornless stems. This rose belongs to the Grandiflora class. Pat. 1259. \$2.50.

RED FAVORITES

CRIMSON GLORY. Finally off of the patent list and at a new low price. Crimson Glory is always listed in any "10 Most Popular Roses in America" survey. A deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance, more so than any other rose.

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest selling red rose. Fairly double. 2½-3 ft. Illustrated on back cover.

ENA HARKNESS. A grand new English rose that we recommend as the finest rose listed in this catalog regardless of price. It's a vivid, poinsettia-like scarlet with no fading, bluing or burning. A very pronounced fragrance. Good shaped bush with disease-free foliage. An absolute "must" for every garden. You'll be hearing a lot about this rose in the next few years. Illustrated on page 36.

NIGGER BOY. Very double flowers of blackish maroon. Prolific bloomer and sweet fragrance. 2½ ft.

YELLOW FAVORITES

ECLIPSE. Slim tapering buds of golden yellow have made Eclipse one of our most popular cutting roses. Finally off the patent list and offered at this new low price. Illustrated on back cover.

McGREDY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft.

TWO-TONE FAVORITES

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: pink, copper, gold and salmon. 3 ft.

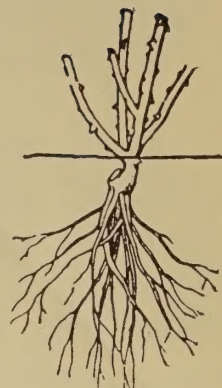

MRS. SAM McGREDY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft.

MME. HENRI GUILLOT. Blooms of watermelon to raspberry pink. Foliage very leathery like Peace. For simplicity, we call it "Madam Henry." First time offered at this low price. Illustrated on back cover.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

Climbing Roses For A Riot of Color!

YELLOW SHADES

GOLDEN SHOWERS. First climbing rose to win a national AARS award. Golden Showers is a very fragrant, high centered bloom, 4-5 inches across and daffodil yellow in color. Tested in all parts of the country as being winter-hardy; Blooms from early spring till late fall. Can be grown as a large bush, pillar or climber. Glossy foliage and resistant to mildew with normal care. We have watched it for several years in the test gardens and do not know of anything more one could ask for in a rose of this type. P.A.F. \$3.00 each.

CL. PEACE. Climbing form of the bush rose, Peace. We can guarantee that this new strain will give you the bloom you are looking for. \$2.50 each.

NEW!!!

ROYAL GOLD. New-climbing rose introduced by Jackson & Perkins this year. Golden Yellow, 4 inch blooms with up to 45 petals that are carried in clusters of 3 to 7. Fruity fragrance. While Royal Gold will bloom the first year planted as will all of the climbing roses listed on this page, you will find that it takes 2 or 3 years for it to attain its eventual height of 7-8 feet. P.R.R. \$3.00 each and quantity limited.

TWO-TONED SHADES

CORAL DAWN. Similar in habit to its parent, New Dawn. Coral pink in color. Everblooming from late spring until frost. Pat. 1117. \$2.50 each.

CL. TALISMAN. Same as bush rose, Red, gold and yellow. \$1.75 each.

WHITE SHADES

CITY OF NEW YORK. Buff-yellow buds open to pure white petals with yellow stamens. Glossy foliage. \$1.75 each.

BLOSSOMTIME. One of the finest new everblooming two-toned pink. Beautiful buds and good foliage. Like all everblooming climbers, Blossomtime does better if grown as a pillar rose. Pat. 1240. \$2.50 each.

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green foliage is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. Pat. 1076. \$2.75 each.

CL. QUEEN ELIZABETH. Climbing form of the Grandiflora rose, Queen Elizabeth. \$2.75 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

BLAZE CLIMBING ROSE

BLAZE. Now you can have America's favorite red climber in this ever-blooming improved strain. Why fool with inferior strains of Blaze or Paul's Scarlet, when you cannot only have bloom in June but throughout the summer as well. Our plants are good and husky and in most cases give you bloom the first year planted. \$1.75 ea.

GLADIATOR. Truly immense 5-inch blooms are brilliant rose-red of the American Beauty color — yes the modern Cl. American Beauty in an everblooming form. Pat. 1524. \$2.75 each.

SPECTACULAR. Brilliant new everblooming climber introduced last year. Orange-red in color which is similar to the 4th of July red. Proven perfectly hardy for frost, this is one climber you can rely on to give your garden a grand show. Pat. 1416. \$2.50 each.

Roses that Bloom Floribunda Roses

Roses that Satisfy

ORANGE AND TWO-TONED FAVORITES

CIRCUS. The only All-America Winner for 1956. Perfect buds of almost red that opens to very perky high centered blooms in huge clusters of red and yellow. These blooms will give you a continuous display as they keep coming and coming all summer. Excellent foliage on an excellent bush that grows to 3 ft. in our climate. Somewhat of an old rose fragrance. The color of Circus is distinctively different and the only other rose that might come near it in color would be Masquerade. Singly or in an electrifying mass. Circus will bring you "the greatest show on earth" right into your own garden. Why not plant three of them? P.A.F. \$2.50 each; 3 for \$6.60.

FASHION. If you will look in our past catalogs, you will note that we have recommended this rose very highly. The oriental red buds are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. Our previous offer still stands when we tell you to plant three of Fashion this year and if you can honestly tell us that you don't like it we will be glad to refund your money. Pat. 789. \$2.00 each.

JIMINY CRICKET. We think that the outstanding feature of this 1955 All-America Winner from Jackson & Perkins is the sparkling new color—a bright apricot-orange. The aging flowers are somewhat lighter but from the time the first bud opens until the end, it never knows a dull moment. Each of the endless processions of buds and flowers is a perfect hybrid tea in miniature. Excellent for cutting. Pat. 1346. \$2.00 each.

LITTLE DARLING. A new rose from the introducer of Carousel. Perfect 2½ inch flowers are streaked with brilliant red and yellow hues—with orange to pink shadings that melt into the canary yellow center. Foliage is reddish-green—shining and disease free. ALAS! that we do not have the room in this catalog to show you the very near perfect colored illustration of this rose. Also, too bad that the patent owner is not spending the money for publicity on this rose because it could be everybody's "Little Darling" if they knew it better. Pat. 1581. \$2.00 each; 3 for \$5.25.

SPARTAN. We consider this rose the finest of all the new roses planted at Rose Hill last year. In our estimation it was easily heads above any other Floribunda. Gorgeous burnt-orange buds slowly open to huge, high-centered hybrid-tea-shaped blooms—flushed with a sparkling warm orange-red color. Ideal for cutting and sweetly fragrant. Pat. 1357. \$2.75 each.

VOGUE. Vogue is bright, gay, coral cherry in color. With its vigorous wealth of bloom, it will be one of the finest roses in your garden. Add to this the exquisite form of both the bud and open flower, and you will see why we didn't have enough to go around last year. Very fragrant and disease resistant foliage. Plant 3 VOGUE this spring and we will guarantee you one of the finest shows you have ever had. Pat. 926. \$2.00 each.

--REMEMBER--

All stock listed in this catalog is guaranteed unconditionally to grow. See our full guarantee on page 3.

VOGUE

Here's Why Floribunda Roses Are So Popular!

- They bloom in great clusters of 15 to 20 flowers all summer long . . . from June to frost.
- They are adaptable to every type of planting on your property. Excellent for beds, borders backgrounds, hedges, specimen plantings,

foundation plantings and with evergreens and other flowers.

- Require very little care! Rugged, hardy, vigorous and disease-resistant.
- They give you more color, more blooms, more growth than any other flower!
- Also lovely in flower arrangements, as boutonnieres and corsages.

FUSILIER. Fusilier is one of the two new Floribundas to win AARS honors for 1958. The deep dark red buds burst open into blazing, flaming orange-scarlet flowers . . . 4 inches across with upright and full bush that grows from 2½ to 3 ft. tall. The foliage is leathery and dark green and blooms are produced in heavy clusters. We have been particularly attracted to Fusilier because of the frilled and ruffled margins on each petal. May we suggest that you plant this rose in a group of three for the best effect. This would also hold true with any rose that you plant. Illustrated on the front cover. PRR. \$2.50 each; 3 for \$6.60.

GARNETTE. Although used extensively as a greenhouse rose for some years, it was new to outside gardens last year. We do not know of any other rose that will hold up as well when cut. Its red "sweetheart" sized flowers will delight anybody who delights in flower arranging. This gem also has crinkled holly-type foliage. Be sure to plant it in front as its height is seldom over 18 inches. \$1.75 each.

FLORADORA. Listed again by popular demand. This rose is a brilliant orange-scarlet and becomes a most unusual color under artificial light. Tall grower and very glossy foliage. Very satisfactory. \$1.75 each.

FRENSHAM. A really good crimson-red floribunda from England that we are listing again. Constantly in bloom and we recommend it very highly. \$1.75 each.

SUMATRA. Currant-red in color, Sumatra is a welcome addition to our rose list. The flowers which come in clusters are globular in shape and double. The fragrance is moderate and the bush is vigorous with disease resistant, glossy foliage. P.A.F. \$2.50 each.

VALENTINE. Valentine was easily one of the "most commented about" roses in our own field this past summer. Never without bloom, this 18 inch high, rich dazzling red, semi-double floribunda, really took the "Ohs" and "Ahs". To give your garden a splash of color, Valentine will do it. Pat. 1029. \$1.75 each.

WILDFIRE. Betty Prior has long been a favorite with us for hedges, and now comes Wildfire as its equal in red. If you want color that will be the envy of the neighborhood, then this is for you. Very large for Floribunda, the wide-flaring nearly single flowers of rich dazzling scarlet, unfold into huge sprays which completely envelop the plant, making it a blaze of color. The petals are crisp, the sprays long lasting. Try this for a hedge if you want red. Very nice as individual plants too. Pat. 1381. \$2.00 ea.

LILIBET. 1954 All-American Floribunda Winner. Named in honor of Her Majesty, Queen Elizabeth II (it was her childhood name). This dainty new floribunda features flowers of light rose pink in the bud to a soft dawn pink in the fully open flower. It grows about 2 to 3 ft. in height, making it fine for a low hedge or as a single specimen. The plant is very sturdy, symmetrical and rounded, with glossy luxuriant foliage. Flowers continuously throughout the summer. P.A.F. \$2.00 each.

PINKIE. Dainty little pink buds that open to a flower of about 2 inches across. Very nice for cutting and use in arrangements. 1½-2 ft. Pat. 712. \$1.75 each.

PINOCCHIO. The first of the Pinocchio family. Pink that is suffused with salmon. Excellent for cutting and mass display. 3 ft. Pat. 484. \$1.75 each.

PINK GARNETTE. Pink form of the ever popular Red Garnette. Used extensively by arrangers because of its miniature-like blooms and holly-type foliage. Low grower. Pat. 1120. \$1.75 each.

ROSE ELFE. Miniature-like hybrid tea flowers that are silvery rose pink in color. The gardenia-shaped flowers are on this plant continually. Too bad that this dainty little rose is not planted more, it could easily become a favorite of everybody. 2½ ft. \$1.50 each.

WHITE FAVORITES

WHITE BOUQUET. The only bush AARS Winner for 1957. This will probably be our leading actress in this year's play and because of her height, will give her best performance in the foreground. She has a gardenia-like shape with a sweet, spicy fragrance. Her costume is pure white with yellow stamens in the center as a high-light. We have seen her eyes as large as 4 inches across. Her accessories are a luxurious dark green. To those of you who have already seen White Bouquet in the various test gardens, will agree with us that this is the finest white Floribunda to date. Pat. 1415. \$2.50 each. (If you buy your bushes in groups of 3 or more of one variety, use the quantity rates on this page.)

YELLOW FAVORITES

NEW!!!

NEW!!!

GOLD CUP. Illustrated on the cover. 1958 AARS Winner. Yes, here's the very first yellow Floribunda ever to become an All-America Winner! And little wonder—for Gold Cup is perfect in every respect. The color is just breathtaking—a deep, rich gold that does not fade. The flowers are large—3 to 4 inches across—beautifully shaped . . . sweetly fragrant! And for profusion of flowers, this rose has no equal—producing hundreds of flowers continuously all season long! In fact, it's never without flowers from June till frost. Hardy, vigorous, disease-resistant . . . the 2½ foot plants are well clothed with glossy dark foliage, and the entire plant is constantly renewed by the freely sprouting basal shoots. You will be proud and well rewarded to have this new prize-winning rose in your collection. May we suggest planting three together for the greatest show. \$2.50 each; 3 for \$6.60.

STARLET. Armstrong's newest Floribunda that will fill a conspicuously weak spot in our list of roses. We have discontinued Goldilocks in favor of this rose. Each perfectly formed little bud and shapely double bloom is an intense clear yellow and the blooms appear in profuse and seemingly endless clusters. Starlet's plant is compact, low-growing and handsomely foliaged—ideal for borders, low hedges and a multitude of garden uses. We believe that along with Gold Cup, we now have the perfect combination in high and low growing in yellow floribundas. P.A.F. \$2.50 each; 3 for \$6.60.

2 yr. No. 1, \$1.00 each.

KINNIKINNICK. Excellent ground cover. Pink flowers followed
by red berries. Dark green foliage. \$1.00 each.

PACHYSANDRA (Japanese Spurge)

One of the best ground covers for shady spots, especially under
pine trees. We recommend this very highly. \$1.50 per dozen;
\$10.00 per 100.

POLYGONUM REYNOUTRIA

One of the best ground covers for sunny places where Vinca
or Pachysandra would not be feasible. Very easy to grow, very
hardy, and establishes itself quite rapidly from underground
runners. Pale green foliage turns brilliant red in the autumn.
Pink sprays of flowers in the fall and never grows over 6 inches.
2 yr. No. 1 plants. 35c each; 3 for \$1.00.

VINCA MINOR

Evergreen ground cover with delicate blue flowers in spring.
Thrives in the shade. \$1.50 per 10; \$12.00 per 100.

GRAPES. Don't overlook the use of grapes as vines. Listed on
page 34.

HONEYSUCKLE

Heckrotti. Red trumpets lined with gold. \$1.95.

IVY

Boston. Self clinging; one of the best. Small foliage that colors
well in the fall. \$1.95.

SILVERLACE VINE

Very rapid grower producing lacy sprays of creamy white
flowers. Free blooming. 2 yr. No. 1, \$1.95 each.

WISTERIA

A rampant clinging vine with flowers in long drooping clusters,
resembling sweet peas. We offer grafted plants from blooming
wood to insure blooming. Wisteria needs to be established well
before blooming. We have 2 yr. No. 1 vines in purple. \$3.00
each.

HONEYSUCKLE

TREES LISTED ON THIS PAGE ARE *Styled* FOR THE MODERN RANCH TYPE HOME

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

FLOWERING DOGWOOD

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 3-4 ft., \$9.95; 4-5 ft., \$15.00.

White Flowering. Same prices and description as above only flowers are white.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.

Helen Borchert. Shell pink. Very large. Desirable for forcing indoors. Prices, 5-6 ft., \$6.00.

Royal Redleaf. A new ornamental flowering tree. Foliage is bright red in the early spring, gradually dulling to a deep maroon towards fall. Rose blooms make a pleasing contrast with the foliage. Produces red fruit with white flesh. Fruit has a wild seedling flavor that is edible or suitable for pickling. Hardier than most peach varieties. 5-6 ft., \$6.00 each.

FLOWERING CHERRY

Kwanzan. Double deep pink flowers. Very fragrant. 5-6 ft., \$6.00.

GOLDEN CHAIN

Vossi. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$8.95.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Cistena. New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Sapa. Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$6.00.

Thundercloud. Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 4-5 ft., \$4.95; 6-7 ft., \$6.95.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.95.

FLOWERING CRAB

Almey. Double red blossoms with scarlet fruit. We think this is the best in red.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

Eleyi. Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

NEW!!!

NEW!!!

Ferrill's Crimson. Entirely new red leaved flowering crab that holds its color the entire season. Medium growth, large single red flower. Red fruit. A welcome addition to the finest of all flowering trees for our area.

Hopa. Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

Morden No. 451. Narrow pyramidal growth. Rosy-red flowers with cherry-red fruit. Purplish leaf and dark bark.

Sargenti. Rather dwarf growing, white flowers and red fruit.

Scheideckeri. Compact upright growth. Single rose blooms. Very popular, yellow fruit.

Prices above Crabs 4-5 ft., \$4.95; 5-6 ft., \$6.50

HAWTHORN

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-red flowers in abundance during May. 4-5 ft., \$3.00; 5-6 ft., \$6.00., 7-8 ft., \$7.95

Cordata (Washington Thorn). Deep green glossy leaves with outstanding autumn coloring. White flowers with glossy red berries. 4-5 ft., \$5.95.

AUTUMN GLORY HAWTHORN

Vigorous erect growing tree with grayish bark. White flowers followed by a profusion of large glossy, brilliant red berries all along the branches. Much more outstanding than the popular Mt. Ash. Featured extensively by the Wayside Gardens. 5-6 ft., \$8.50.

ASH WEeping WILLOW

Green. Very good green foliage. It thrives over a wide area and is ideal for dry climates. 7-8 ft., \$6.95; 10-12 ft., \$12.50.
(Note: See Mountain Ash listed below)

BIRCH

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 8-9 ft., \$7.95; 10-12 ft., \$10.95.

Clump Birch. Same as preceding but usually with three or more stems originating at the base. Has become increasingly popular because it fits very well into the landscape of the newer type ranch home. 6-7 ft., \$8.95.

Canoe. White bark with brown speckles. Upright growing. 10-12 ft., \$12.50.

European White. Same as cut-leaf weeping but only with upright growth. 8-10 ft., \$10.00.

CATALPA

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 8-10 ft., \$7.95; 10-12 ft., \$12.50.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.35; 7-8 ft., \$3.50; 8-10 ft., \$4.50.

HORSECHESNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$12.50.

White Flowering. Same as preceding, only white flowers. 5-6 ft., \$7.95; 7-8 ft., \$10.00.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 7-8 ft., \$7.35.

Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 7-8 ft., \$8.95.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 7-8 ft., \$6.95.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 7-8 ft., \$5.95.

Golden. Medium spreading growth. Golden yellow bark. 7-8 ft., \$5.95.

MAPLE

Crimson King. An improved form of Schwedler that holds its red color throughout the summer. An excellent new novelty. 8-9 ft. whips, \$8.95; 7-8 ft whips, \$7.95.

Norway. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 7-8 ft., \$5.95; 8-10 ft., \$6.95; 10-12 ft., \$8.95.

Schwedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 7-8 ft., \$7.95; 10-12 ft., \$12.50.

SUNBURST HONEYLOCUST

(Gleditsia Triacanthos Inermis Aurea)

The first new color in a hardy, ornamental shade tree since Crimson King Maple. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree; appears to be in bloom all summer.

*Broadly pyramidal head and excellent branching habit creates a beautiful symmetry unmatched by other honeylocusts.

*Producing only male flowers, Sunburst is absolutely seedless and causes no ground litter.

*Sunburst is adaptable to any location. Unusually strong, it has withstood ice and snow storms which completely ruined neighboring trees of other varieties. Plant Patent No. 1313. 6 to 7 ft. Lightly branched. \$12.50 each.

HONEYLOCUST

MORaine. Our newest shade tree — the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

1. Clean
2. Vase-shaped
3. Filtered shade
4. Hardy
5. Regal
6. Good Roots

What more could one ask for in a shade tree. We have a fine block at prices that are reasonable for a new tree. 5-6 ft. branched, \$6.00; 6-7 ft. branched, \$8.00; 7-8 ft. branched, \$10.00.

SYCAMORE

European. A highly ornamental tree that is wide-spread in growth. Very disease free. Creamy bark. 7-8 ft., \$5.50.

Landscape Your Grounds—it's Smart Business and Increases Real Estate Value

Be your own landscape architect. Start this spring with a definite planting plan. Get your trees in, your lawn started, hedges and shrubs planted. Here is a good vigorous beginning that by the end of summer will give you a grand and glorious sense of achievement. Clever, artistic landscaping has brought a marvelous transformation that you could scarcely believe possible a few months earlier.

BARBERRY

Crimson Pygmy. Very dwarf growing, same purple or red foliage as atropurpurea. We have never seen it over 15 inches high. The plants we offer are about 8-10 inches in height. \$2.50 each.

Thunbergi. Green foliage turning to crimson in autumn. Red berries. Widely used and very attractive. 15-18 in. bushy stock. \$1.65 each.

Atropurpurea. Purple or red foliage. The most popular barberry planted. Foliage holds its color throughout the summer. 15-18 in., \$1.75 each.

BEAUTY BUSH (Kolkwitzia)

Attractive foliage with a profusion of pink flowers in May. Our favorite flowering shrub. 24-30 in., \$2.50.

CORYLUS CONTORTA

This rare and exciting new shrub will be the conversation piece of your garden all year 'round. Its curiously twisted, turned and almost corkscrew-like branches create an unusually lovely effect against the snow in winter. Often referred to as the "Harry Lauder's Walking Stick Bush" because of its striking resemblance to one of Harry's famous canes. Slow growing and easily cared for, it does well in sun or shade and does not reach a height of over 7 ft. \$8.50 each.

FLOWERING ALMOND

Very popular as the shrub which covers every twig and branch with dainty little double pink flowers that remind one of miniature roses. 18-24 in., \$2.25.

FLOWERING QUINCE

Low growing shrub with glossy foliage. Bright red flowers in the early spring followed by decorative fruit quinces in the fall. 18-24 in., \$2.25

FORSYTHIA

-- *Herald the Coming of Spring*

Spring Glory. Without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3'. \$2.25.

Lynwood Gold. The finest of all deep golden yellow Forsythias. Erect branches are literally smothered under the golden flowers from top to bottom. With the bloom just as profuse as Spring Glory, why not plant them together for early spring blooming contrast? 2-3'. \$2.50.

SELECT YOUR OWN EVERGREENS, TREES, SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . Perennials . . . are usually ready for "Cash and Carry" sales at proper planting seasons. Well-informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us week-days, we are open Sunday 9:00 to 6:00, during the planting seasons.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Hopa Crab	Maple Ginalla
Eleyi Crab	Cistena Plum
Bechtel's Crab	Prunus Triloba
Paul's Scarlet Hawthorne

NEWER VARIETIES OF LILACS

Clarke's Giant. Single gentian blue. Very large. Pat. 754.
Esther Staley. Large single pure pink. Pat. 768.

Above lilacs priced \$4.50 each

PRIMROSE

Referred to as "The Yellow Lilac," it could be more accurately described as pale yellow. The only lilac in existence of this shade and it does blend in well with other lilac shades. We offer well developed plants about 18-24 in. tall. Pat. 1108. \$7.00 each.

Adelaide Dunbar. Double, dark red.
Belle de Nancy. Double satiny rose.
Charles Joly. Double dark reddish-purple.
Ludwig Spaeth. Single dark purple.
Mad. Lemoine. Double white.
Persian. Reddish purple.

Prices above lilacs, \$2.95 each.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 24-30 in., \$2.35.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 18-24 in., \$2.50.

Blue Hydrangea. Large flower that comes in July and August. For real blue color in our area, mix a tablespoon of aluminum sulphate in the soil about the plant. We also suggest a light mulch for winter protection. \$3.00 each.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 24-30 in., \$2.25.

Clavey's Dwarf. Neat, compact growing honeysuckle not over 3 feet. An outstanding new low growing shrub for the foundation planting. Why not try some of our newer low growing shrubs in the foundation planting to get away from the monotony of straight evergreens? \$3.00 each.

DOUBLE LILAC

WINGED BURNING BUSH

EUONYMUS ALATUS. A prime favorite! Produces an abundance of yellow flowers in May which are followed by orange and red berries. Interesting corky bark. Outstanding in the fall with its reddish-pink foliage. Medium height. 24-30 in., \$5.00.

EUONYMUS ALATUS COMPACTA. Dwarf growing form of above. 15-18 in., \$3.95.

NEW!

NEW!

HYPERICUM. (Hidcote). The hardiest of all Hypericum. Very dwarf, shapely shrub which grows oval shape of 2 to 3 ft. in diameter, densely covered with glossy foliage. It bears cymes of golden flowers at the end of every new branch. This mound of gold is very free flowering. We have had it in our nursery for several years and those that have seen have bought it. We now have enough for our mail order customers. 18-24 in., \$2.50 each.

POTENTILLA

Katherine Dykes. A graceful small, 3-foot high shrub, upright in growth, yet compact. Foliage is dense and fern-like in effect. From early June till frost, the plants are studded with light chrome-yellow, chalice-like blooms. A splendid, low-growing and graceful shrub for foreground planting, fits in perfectly with perennial plants in the hardy border. Prefers a sunny location. \$3.00 each.

WEIGELA
EVA RATHKE

SPIRAEA, VAN HOUTTEI

PHILADELPHUS (Mock Orange)

Virginalis. Immerse fragrant, double white flowers in large clusters that weigh down the branches. Blooms in May and June. 2-3 ft., \$2.25.

Minnesota Snowflake. Pat. 538. Very double, new variety of mockorange. Fragrant. Blooms cover the plant from top to toe and keep coming all summer. 2-3 ft., \$2.50

NEW!!!

NEW!!!

FROSTY MORN

The new dwarf mockorange. Very fragrant and very double white, Frosty Morn blooms in June and July. Has proven to be thoroughly hardy here in the Inland Empire. It never reaches a height of over 3 ft., so it should be very adaptable for the foundation plantings of the newer type rambling home. 15-18 in., \$2.50 each.

GOLDEN MOCKORANGE

Newer variety of Mockorange. Very dwarf growing and compact with a striking yellow foliage. Ideal for the newer ranch-type home where straight evergreen plantings are a thing of the past. 15-18 in., \$2.50.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$3.50.

BRONZE-LEAVED SMOKE TREE. Similar in growth and habits to the well-known Smoke Tree, only this variety is the rare bronze-leaved and "bronze-plumed" Smoke Tree. Bronze foliage and bronze colored so-called plume or smoke. Nice bushes 2-3 ft. tall. \$4.95.

TAMARIX

Hispid. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 24-30 in., \$2.25.

Summerglow. The airy Tyrian rose spikes appear on top of the delightful foliage all summer long. Longer blooming and lighter in color than Hispid. We suggest the same type pruning as for Hispid. 2-3 ft. \$2.95.

DID YOU FIND WHAT YOU WANTED?

We have over 300 items not listed in this catalog. If you do not find what you want, please write or call us. We might have it or tell you what nursery has it available.

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 15-18 in., \$2.25.

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$2.00 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 2-3 ft., \$2.50.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 24-30 in., \$2.25.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 2-3 ft., \$2.25.

NEW!!!

NEW!!!

Trilobata, Swan Lake. A rare and lovely Spirea, most beautiful of the white spring flowering shrubs. Never growing over 3 to 4 ft. tall, it is just perfect for the new low type architecture of the modern home. White Swan is completely covered with unbelievable masses of white flower clusters that mingle with dark green leaves. \$5.00 each.

TAMARIX

ENGLISH PRIVET

SYMPHORICARPOS (Snowberry)

Chenaulti. New improved variety. Small leaves, graceful arching branches; pink flowers followed by small red fruit in the fall. 3-4 ft. \$2.95

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 24-30 in., \$2.50.

FRENCH PUSSYWILLOW. Very large catkins and tall growing. One of the best forcing varieties. Excellent green foliage during the growing season. 3-4 ft., \$2.95.

ROSE GOLD PUSSYWILLOW (*Salix gracilistyla*)

New low mounded pussywillow to 3 ft., taking root where stems touch the ground. Foliage silvery, stays on late. Huge catkins silvery-gray, they turn silvery pink and rosy pink dotted with hundreds of bright yellow stamens, and finally becomes nearly solid gold. 1½-2 ft. \$2.50 each.

VIBURNUM

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 2-3 ft., \$2.50.

Common Snowball. A very popular shrub that blooms profusely in late spring and early summer. White snowball-type blooms. 2-3 ft., \$2.25.

NEW!

NEW!

MARIESI

This variety is an improved form of the *Tomentosum*. The plants do not grow quite as tall nor quite as fast (about 6 to 7 ft. when mature), but it blooms more profusely and while still young. For those of you who like the White Dogwood, the blooms on *Mariesi* are similar and this shrub will give you the same effect. Cheaper than Dogwood too, and hardier. 2-3 ft. \$4.95 each.

Red Leaf. Same as above except foliage is red or purple throughout summer. Hedging size, \$7.00 per dozen.

CARAGANA (Pea Shrub)

Very hardy bush with yellow flowers in May and June. If you have some spot where nothing else will grow try caragana. It needs no care! Hedging size, \$6.00 per dozen

PRIVET

English Privet. Dark green foliage that hangs on nearly all winter. 4 canes and up. \$4.00 per dozen; \$30.00 per 100.

Lodense. The finest plant for a low hedge or border. Very dwarf habit. We recommend this very highly. Can be used also as individual plants; nearly evergreen. 75c each; \$70.00 per 100.

RUSSIAN OLIVE

Silver grey leaves, white berries. Very tough; nothing penetrates through this plant when used as a hedge. Hedging size, \$7.50 per dozen.

SPIREA

Van Houtte. Very popular for a graceful hedge. White flowers in spring; good foliage. Hedging size, \$6.00 per dozen.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$6.00 per dozen.

AMERICAN ARBOR VITAE

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.50; 12-15 in., \$2.75; 18-24 in., \$6.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.50;

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 95c.

COTONEASTER.

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 15-18 in., \$3.50.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 15-18 in., \$4.00.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.25; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somerset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 12-15 in., \$4.25.

Mezereum (Lilac Daphne). Interesting, lilac-purple flowers along the graceful, slender branches in early spring, followed by green foliage with red berries. 9-12", \$1.25; 12-15 in. bushy, \$2.50.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Orange berries produced on very young plants together with the glossy green foliage, make it very interesting for winter effect. 2-3 ft., \$4.50; 3-4 ft., \$6.00.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter, 9-12 in., \$1.75; 15-18 in. bushy plants, \$3.50.

NEW CORLISS EUONYMUS

Here is something new! . . . the broadleaf, evergreen beauty of Euonymus vegetus foliage especially developed into four shrub forms.

Emerald Pride. Pat. 1073. Ovoid form. Ultimate height about 4 feet with 3 foot spread.

Emerald Charm. Pat. 1079. Upright narrow form. Ultimate height about 5 feet with 18 inch spread.

Emerald Cushion. Pat. 1112. Dwarf short growing, never over 18 inches.

Emerald Leader. Pat. 881. Distinct bushy erect habit of 4 to 5 ft. height and 2 to 2½ ft. spread. Price on Corliss Euonymus, 18-24 in., \$5.95 each.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 2-3 ft., \$8.00; 3-4 ft., \$12.00.

VIBURNUM

Burkwoodi. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 18-24 in., \$4.75.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 18-24 in., \$6.00.

Carlcephalum. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 15-18 in., \$3.50; 18-24 in., \$4.95.

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$2.50; 12-15 in., \$3.75; 18-24 in., \$5.95.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 18-24 in., \$2.95; 24-30 in., \$3.95; 3-4 ft., \$4.95.

TAMARIX JUNIPER

PLANTING WITH JUNIPERS, DOGWOOD and HYPERICUM

JUNIPER-JUNIPERUS

Pfitzer. One of the best types of spreading evergreens. The branches spread horizontally, with the terminals slightly drooping. It lies close to the ground, and for edging larger plantings has no superior, supplying the flowing lines needed in good landscape plantings. Foliage grey-green. 15-18 in., \$3.95; 18-24 in., \$5.95.

Golden Pfitzer. Growth and habit like the green variety, however the color has a decided golden cast, especially in the late spring when the new growth appears. 12-15 in., \$3.25.

Meyer. Foliage is a striking blend of grey and silver-blue turning to a rich violet in the late fall and winter. Irregular growth that is not stiff. Used in foundation plantings and large rock gardens. 15-18 in., \$4.75.

Hetzi. (Blue Pfitzer). Same growing habit as the green and golden Pfitzer. Color is a light cast of blue. Excellent. 15-18 in., \$3.95.

Tamariscifolia. (Tamarix Juniper). Blue-green foliage, compact, procumbent. Much lower growing than the Pfitzer types. Used extensively for rockeries, banks and as a border to your foundation planting. 15-18 in., \$3.95.

Sabina. A semi-upright spreading variety growing to a height of 3 ft. Color dark green. 18-24 in., \$2.95.

Andorra. Very low growing habit. Bluish color throughout the summer turning to purple tones with the first frost. 15-18 in., \$3.95.

White's Silver King. New patented evergreen. Very low growing, silver-blue in color turning slightly purple in the fall. Growth habit about the same as the Tamarix Juniper. 15-18 in., \$4.95.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

BABY EVERGREENS

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$7.50.

Filifera Aurea. Similar to above only dwarfier growing with drooping cords of gold. 12-15 in., \$4.50.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 15-18 in., \$4.50; 18-24 in., \$7.50.

SPRUCE - PICEA

Colorado Blue. (Koster). Grafted plants of steel blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 3-4 ft., \$29.95; 5-6 ft., \$35.00.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 3-4 ft., \$7.50.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in., \$3.95.

YEW-TAXUS

The Disease Proof Evergreen

No family of evergreens has gained such popularity in recent years as the Yew. Their dark, rich color, hardiness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft., \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft., \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 12-15 in. \$3.45; 18-24 in. \$6.00.

(Note - While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

STRAWBERRIES

ROCKHILL No. 26. This is a runnerless variety, seldom making runners. Producing a full crop of large red berries with a delicious flavor the same year as planted. It has become one of the most popular strawberries. It makes large crowns and being practically runnerless, is propagated by divisions. Everbearing. No. 1 plants, \$1.50 per dozen; 50 for \$5.50; \$10.00 per 100.

STREAMLINER. Leading growers declare that this is the best everbearing strawberry grown. Most highly desirable for canning and quick freezing. Very prolific bearer the whole season through. \$1.00 per dozen; 50 for \$3.50; \$5.00 per 100.

GRAPES

BLACK. Concord, Fredonia, Worden.

RED. Caco, Agawam.

WHITE. Portland.

GOLDEN. Golden Muscat.

SEEDLESS CONCORD. New seedless variety of the familiar Concord. Same size, same flavor only without the seed. \$1.25 each.

RHUBARB

CANADA RED. The finest darkest red rhubarb of all, the stems are dark red clear to the heart and up into the leaf. Makes very beautiful and tempting sauce. Flavor—second to none. You only buy it once in a lifetime, why fool with second rate varieties.

No. 1 divisions, \$1.00 each

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

DURHAM. New revolutionary red raspberry. Bears mid-August until frost. Cut all canes back to ground each fall; crop comes on new growth each year. Eliminates any winter-killing.

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

INDIAN SUMMER. Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry. Prices on Raspberries: Transplants, 35c each; \$3.50 per dozen

BLACKBERRIES

The **EBONY KING** is a new blackberry that has been under test for the past 12 years. Berries are exceptionally large, of the Eldorado type. They are very sweet and have that real wild blackberry flavor. Ripens earlier than most blackberries. No blank or sterile plants that fail to produce. Has withstood temperatures down to 30 below zero. Bushes are upright and very strong, being able to hold the heavy yield and still put them up where you can pick them easy.
